

COVID Business Support Grants: Discretionary Fund

1. Introduction

1.1. To provide additional support for some small and micro businesses previously outside the scope of the business grant funds scheme, the government has set up a discretionary fund to be administered by local authorities.

1.2. This fund is intended to:

- Support some charities and community organisations in receipt of mandatory charitable business rates relief that otherwise would have been eligible for Small Business Rates Relief or Rural Rate Relief and are not eligible under the existing grant schemes.
- Support some small and micro businesses directly impacted by Covid 19 that meet the following eligibility criteria:
 - Businesses with relatively high ongoing fixed building-related costs such as rent, service charges and Council Tax.
 - Businesses which occupy property, or part of a property, with a rateable value or annual rent or annual mortgage payments below £51,000.
- The following types of businesses are prioritised for grants from within this funding pot:
 - Small businesses in shared offices or other flexible workspaces; examples could include units in industrial parks, science parks and incubators which do not have their own business rates assessment;
 - Regular market / street traders with fixed building costs, such as rent, who do not have their own business rates assessment; and
 - Bed & Breakfasts and guest houses which pay Council Tax instead of business rates.

1.3. Government has confirmed:

- Local authorities may disburse grants of £25,000, £10,000 or any amount under £10,000. The value of the payment to be made to a business is at the discretion of the local authority.
- It will be for local authorities to adapt this approach to local circumstances, such as providing support for micro-businesses with fixed costs or support for businesses that are crucial for their local economies. Government expects that payments of under £10,000 may be appropriate in many cases.

1.4. The West of England unitary authorities (Bath & North East Somerset Council, Bristol City Council, North Somerset Council and South Gloucestershire Council) have developed a regional policy to provide some consistency in the additional support available to businesses across the wider region.

2. How much funding will be provided to businesses?

2.1. To provide support to as many businesses as possible the discretionary grants, which the council will award, will be capped to a maximum of £5,000.

- 2.2. The West of England unitary authorities will collaborate when assessing and awarding grants, and eligible charities and businesses will only be entitled to one grant across the West of England region.

3. Criteria for grants

- 3.1. ***Charities and community organisations*** - with a property that has a rateable value of up to and including £15,000, in receipt of mandatory charitable business rates relief, that otherwise would have been eligible for Small Business Rates Relief or Rural Rate Relief and are not eligible under the existing grant schemes.

3.2. Businesses:

- 3.2.1. ***Shared/flexible workspaces*** - Small businesses that have exclusive use of a unit within a shared/flexible workspace but do not have their own business rates assessment. Examples include units in offices, industrial parks, science parks and incubators.
